Education

Sushila Devi Bansal College of Technology, Indore , B-Tech in Information Technology — Aug 2023 - May 2027

- CGPA: 6.52

Experience

QA Intern, Alit Technology — Feb 2026 – Present

- Performed manual testing of web/mobile applications to identify bugs and issues.
- Created and executed test cases and test scenarios.
- Reported defects using bug tracking tools and worked with developers to resolve issues.
- Assisted in improving software quality and usability through testing and feedback.

Projects

AI Voice Assistant (Python Project)

- Developed a voice assistant using **Python** to perform tasks through voice commands, improving user interaction.
- Integrated **speech recognition and text-to-speech** technologies to enable real-time voice input and audio responses.
- Implemented features like **opening applications, searching information, and executing basic commands**.
- Used APIs and automation libraries to enhance functionality and provide dynamic responses.
- Improved system accuracy by handling user commands efficiently and reducing response time.

Password Generator Tool using python

- Implemented customizable options such as **password length, special characters, numbers, and uppercase/lowercase letters** for stronger security.
- Designed an interactive GUI using **Tkinter** to allow users to easily generate and copy secure passwords.
- Applied **randomization and security best practices** to ensure strong and unpredictable passwords.

Skills & Technologies

Languages: HTML/CSS, Python

Technologies & Tools: VS Code, Github , Linux , Burp suit, wireshark , Termux , GCP , AWS .

Soft Skills : Problem-solving, Effective Communication, Teamwork, Time Management .

ACHIEVEMENTS

- Cyber Security Job Simulation (Deloitte).
- Introduction to Generative AI Studio (Simplilearn).
- Introduction to Internet of Things (Cisco).
- Introduction to Security Principles in Cloud Computing (Google)
- Python Programming (Skill India, NSDC)
- Cyber Security Fundamentals (Drop.org)
